

Varsity Image Scoring Table Data Sheet

Thank you, for choosing Varsity Image as your scoring table provider. Please find listed below some of the standard features that come with your scoring table.

- Varsity Image Scoring Tables include an Electronic Possession and Bonus indicator that is controlled by a control box tethered to the table top.
- All tables come with Heavy duty Non marking Casters.
- Each table with exception to the 64 inch table has two back lit panels made of GE grade Lexan, and display your School Logo, School Name, or Sponsors advertisements or a combination thereof.
- The Table top is laminated with a non marking polymer and cleans up easily.
- There are conveniently spaced grommet holes in the table top that are provided to power additional electrical devices or to plumb microphone chords.
- All tables come with a UL approved six outlet electrical strip fastened to the table back for easy access.
- Safety padding provided in your school colors.
- Tables need to be powered by a UL approved drop cord supplied by a 15 amp Circuit Breaker. (Drop Cord not included)
